When selecting sizes, consider what will be worn under the jacket and what the wearer intends to do in the jacket. The size chart below is for general guidance.

**J**ackets are our only business. Up-to-the-minute styling, a full range of sizes, and a wide variety of colors allows BIRDIE® to service all your jacket needs.

**E**very BIRDIE® jacket is manufactured from the finest materials available. We use lightweight lining that is 100% brushed polyester. Our nylon quilted lining is 6.2 ounces. Our pile lining is 15 oz. 100% acrylic, and Sherpa lining is 22 oz. 100% polyester. The poplin we use is 80% polyester and 20% pima cotton. All our corduroy is 86% cotton and 14% polyester fibers. The chintz in our jackets is a polyester/cotton blend. All nylon outer shells are Du Pont fabrics.

**D**yeing fabric is not an exact science, so there is never a guarantee that successive dye lots will be precisely the same shade. While we do our utmost to standardize colors and match them as closely as possible, we ask that before garments are lettered or screen-printed, they be inspected for style, size, color, and defects. We cannot assume responsibility for lettering or imprinting costs if such an inspection is not made.

**F**or those customers who already use BIRDIE JACKETS . . . we thank you for your past patronage.

**I**f you are a new customer, we look forward to being of service to you. We are confident that you will be among the many thousands of satisfied customers who currently use our products.
